

Primary Care Pathways Survey

1. Please enter the name of your CCG

2. Do you have a named person within the CCG who is responsible for liver disease?

Options:

Yes

No

If yes, please answer Q3 and then move to Q5

If no, please answer Q4 and then move to Q5

3. Please provide the details of the person responsible for liver disease within the CCG

4. In the absence of a named contact for liver disease at the CCG, please provide the details of the person who should be contacted regarding liver health

5. Do you have a commissioned pathway for:

a) the interpretation of abnormal liver blood tests?

b) responding to liver disease more generally?

Options:

Yes, pathways for both

Yes, pathway for abnormal liver blood tests

Yes, pathway for responding to liver disease more generally

No pathways for either

If answer to any of these is yes, please move to Q6

If answer is no pathways for either, please move to Q9

6. Does it include an endorsed pathway for the management of abnormal liver blood tests that follow the BSG guidance?

Options:

Yes

No

7. Is liver fibrosis assessment part of your pathway?

Options:

Yes

No

If yes, please move to Q8

If no, please move to Q9

8. Please indicate how fibrosis is assessed. Please tick all that apply

Options:

Fibroscan (transient elastography)

ELF Test

FIB-4 score

NAFLD fibrosis score

Other (please specify)

9. Do you have an additional pathway that **proactively** case-finds individuals who may be at high-risk of liver disease?

e.g. people with diabetes or for those who drink alcohol at harmful levels

Options:

Yes

No

If yes, please move to Q10

If no, please move to Q12

10. How does your pathway define individuals as high risk of liver disease? Please tick all that apply

Options:

Diabetes

Alcohol risk

Obesity

Obesity with other metabolic risk factors

Risk factors for viral hepatitis

Other (please specify)

11. How are these individuals identified? Please tick all that apply

Options:

At annual chronic disease / year of care review

During the NHS health check

Opportunistically during consultations

Using IT system prompts / pop-ups

Other (please specify)

12. Does the CCG monitor the breadth of adoption and efficacy of pathways in primary care your area?

Options:

Yes

No

If yes, please move to Q13

If no, please move to Q14

13. Where are these statistics published?

14. Are you aware of the current available statistics relating to liver disease in your area and do you monitor these?

Options:

Yes

No

15. Would you be willing to share your pathway information with other CCGs for best practice purposes?

If yes, we will email you for further details.

Options:

Yes

No
