

Meet our Frailty Care Coordinator

Alice is a frailty care coordinator who is passionate about supporting patients with varying severities of care and social needs. She loves helping people and has a keen interest in medicine.

“Alice has made a great difference in the holistic support of people living with frailty and contributed to personalised care plans that enable a better quality of life for these patients.” - Dr Ruth Walker

Speak to your GP practice about this service

An appointment could help to:

-  Have a single point of contact to call should any issues arise
-  Ensure your care reflects your wishes
-  Gain local health and wellbeing support
-  Arrange vaccines and referrals to Age UK
