

Vaccine Programme | EECL & Commercial

OFFICIAL SENSITIVE (restricted circulation)

Packs

Purpose: By Site and PoD numbers, and # of vaccines, the eaches to be delivered (based on preferred product) accordingly

Content

- 1.- Updates on supply inventory list quantities for site set ups from 24 Jan 2021 to 04 Feb 2021
- 2.- Updated supply inventory list quantities for site set up - 04 Feb 2021
- 3.- Updates on supply inventory list quantities for site replenishments from 24 Jan 2021 to 04 Feb 2021
- 4.- Updated supply inventory list quantities for site replenishment - Replenishment done by site type and PoDs # - 04 Feb 2021
- 5.- Updated supply inventory list quantities for site replenishment - Replenishment done # of vaccines - 04 Feb 2021

1.- Updates on supply inventory list quantities for site set ups from 24 Jan 2021 to 04 Feb 2021

General updates / amendments:

- Replenishment quantities now differ from site set up quantities - covered in section 3
- 5 replenishment requirement areas to be replenished in function of the number of vaccines received - covered in section 5

Summary of changes in site set up SIL

- ULT Freezers 101 and 570 combined into a single requirement area
- Procedure Trolley and Dressing Trolley combined into single requirement area
- Materials Transfer Trolley requirement to be covered by Transfer Containers
- Roving requirements reduced due to overall decrease on Roving activity

SIL CHANGES - FOR REFERENCE ONLY

		Set up SIL amendments: 04 Feb 2021 vs 24 Jan 2021																					
SIL Ref ID	Requirement Area	Route of supply	To be replenished:	Hospital Hubs			Vaccine Centres								LVS (NHS)		LVS (Non-NHS)		Roving	Detained	Comments / rationale on changes
