

PLEASE COMPLETE OUR SURVEY TO HELP IMPROVE CARE FOR PEOPLE LIVING WITH DEMENTIA

We want to learn more about the training offered to care home staff (residential or nursing) about the Mental Capacity Act. As a care home manager, you will know more about this topic than we do.

Taking part will involve completing a **confidential 15 minute online survey**. Staff will be asked to complete a follow-on survey, and best practice case sites will be selected.

To take part, scan the QR code
